

Paper-story arc: recorded status

Act 1: Trustworthy evaluator

complete

●

Build a trustworthy evaluator complete

Act 2: Falsification and synthesis

complete

●

Search hypothesis falsified

●

Value beyond the search space relocated to synthesis

Act 3: Code-level synthesis

in progress

●

S' claim not met

- Mechanism work advanced; claim remains unmet

●

Adopted configuration A-2 observed-positive; A-6 reject; T-1998 accepted

◇

A-1 descriptive attempts completed; non-certifying; observations only

●

Final-candidate check B-8 pass; correctness check on observed runs; no performance claim

A-series items

◇

A-1

Paired headline estimand descriptive; non-certifying; fulfilment undetermined; further attempts require human action

●

A-2

Write-heavy / balanced certification observed-positive; limitations retained

●

A-3

Reporting rule settled; rule only; not evidence

×

A-5

Separate-boot reproduction not obtained; Pegasus cannot establish separate-boot reproduction

●

A-6

Read-heavy certification reject; limitations retained

B-group requirements

△

A-4

Official floor effective; historical reverify passes; live launch rejected; ruling pending

●

B-1

Beyond best known axis not met

×

B-2

Descriptor causal evidence not run; layered blockage

×

B-3

Formal holdout series not completed; authority absent

×

B-4

Detailed anomaly feedback not run; descriptive-only; eligible precursor absent; carrier ruled, not implemented

×

B-5

Budget-matched generator comparison not obtained; staged approval only; main run not authorized

×

B-6

Leak-controlled execution not achieved; pair driver repaired; pair rerun not submitted

●

B-7

All-workload regression reporting fulfilled with limitations: single attempt; descriptive; non-certifying; repeat stability undetermined

●

B-8

Seed-varied long-run check pass under effective preregistration; operational definitions; observed runs only; no performance claim

◇

B-9

Mechanism reporting screening support scoped; deep check stopped by ruling; secondary view applied, non-certifying; originals lost

◇

B-10

Extended mechanism evidence grid and tail judged; performance uncertified; not closed

●

obtained

A recorded judgment or completion exists; it need not support the claim.

△

awaiting ruling / human action

A ruling or human action remains pending before the item can advance.

◇

uncertified

Materials exist; the item is not certified, promoted, or closed.

×

not obtained

The required evidence is not yet obtained, including blocked work.

Evidence states: paper-story 2026-09-21c section 8; act summaries: section 0. No values drawn.
Obtained does not imply a supported claim. A-3 is a settled rule, not new evidence.
Successor to fig3; the original remains frozen. Statuses are recorded, not evaluated, here.
